

1. **An Active PBSA board member, must be an [active](#) Plum resident.**

- a. Rationale: This would put the best interest for PBSA, and Plum Boro itself, having a current resident make decisions for the community.

2. **Baseball and Softball should be split into their own entities.**

- a. Rationale: For the fairness and alignment on sport specific rules/decisions. Each entity would have 4 votes and the tie-breaker would go to the current President at the time. Each voter must have a child in that entity and one cannot serve both entities during the same term. This would align each entity up with those who are involved and experience proposed changes/rules.
