

PBSA Refund Policy – (effective starting the 2023 Spring Season)

The following policy is meant to define the PBSA policy on refunds for any fees collected by the PBSA for registration or other items that we may charge our members for.

1. A full refund (except for a \$3 registration fee) will be given to anyone who signs up for a season but for any reason cancels that registration prior to the PBSA ordering uniforms for that season.
2. If a player decides to withdraw after the uniform has been purchased but before the first game is played they will be given a refund equal to the cost of registration minus the cost of the uniform and a \$3 registration fee.
3. If a player sustains an injury and must withdraw after the season has started that player will receive a prorated refund. The refund will be the registration fee minus the cost of the uniform, minus the \$3 registration fee and minus a prorated amount of money dependent on the number of games their team has participated in.
 - a. No refund will be issued if a player withdraws after the 7th game of the season
 - b. No refund will be issued for a player who may miss a few games during the season but then come back to finish the season. Only season ending injuries will be granted a refund
 - c. No refund will be given after the season has started that is not due to injury.
4. In lieu of a cash or credit card reimbursement the PBSA can also give a player credit for a future season.

Please Note:

1. The PBSA is charged a \$3 fee for everyone who registers on our website. This fee will not be reimbursed to anyone under any circumstance.
2. Uniform costs fluctuate from year to year so that amount will be based on the costs for that particular season.
